

Pre-Hockey

So your child wants to be a hockey player? Pre-Hockey is the very first step towards your skater becoming a full-fledged hockey player. Pre-Hockey will continue to develop the basic fundamentals of skating learned from the Skate School, with the added difficulty of full equipment, including sticks and pucks. Practices are USA Hockey and USFSA inspired to help new players fully embrace the USA Hockey American Development Model (ADM).

Advanced Skills

The Jr. Cyclones Advanced Skills course is the next step after passing the Pre-Hockey class. Advanced Skills is a great class for those who are looking to work on their skating and stick work skills before jumping to the Jr. Cyclones In-House program. It is also a great second practice for those involved with the Jr. Cyclones In-House program.
